

TASK 1

Give a short presentation (2-3 minutes) on the following subject:

GRAFFITI

Think about what you can say about the topic. You will be allowed to take down a few guidelines or keywords, which you can have a **brief** look at during the exam.

Please feel free to refer to the photograph briefly, but **do not describe it in detail**.

You might find the following guidelines useful to give your presentation, but they are not compulsory.

- Graffiti: the work of vandals or artists?
- The influence of graffiti on advertising.
- Graffiti and music.
- Public money for street art?

As a further suggestion, you could talk about your own personal experience, or / and compare habits in your country with those from other parts in the world...
