TAREA 1: MONÓLOGO

Prepare and deliver a monologue about the different ways in which rich and famous people can and should contribute to a better world. Explain what your position is, providing arguments that support your opinion.

TAREA 2: DIÁLOGO

You need to buy a birthday present for a close friend, but you have no money left to spend. You think that the more personalised, the better (for example, something hand-made or a cheap but thoughtful item). Think about different reasons why the perfect present should be such an inexpensive one.

Discuss your arguments with your friend and try to reach an agreement.
