to take +object on board. (tomar en cuenta)

term (trimestre/termino)

scattered (esparcido)

thus (así, de este modo)

to come to fruition.

Tall order

A tall order is a task or job that is difficult to carry out. For a bodybuilder, lifting 500 pounds is a tall order. Some things in life are easy to do. Some can be done with a moderate amount of effort or skill. Others are tall orders: a tall order is hard to accomplish, and it might even be impossible.
